Subject: Follow-Up to Today's Call - 2009 Reports & Response to EPA's Letter

Hi John,

Thank you for your call today. This purpose of this email is to follow-up on our discussion on several points:

- 1) EPA's database shows that Timber Products Co. Medford did report to TRI for 2009 for methanol and formaldehyde. The reports were filed electronically through CDX on September 7, 2010.
- 2) Timber Products Co. Medford does not need to respond to the letter from EPA Region 10 (dated March 2, 2011) requesting information about Timber Products Co. Medford's 2009 TRI reporting.
- 3) Please acknowledge your receipt of this follow-up email (via email is fine).

Thanks again for your time,

Regards,

GRAHAM KIRN
